Darrell	Dean	rodawg2988@gmail.com	This is my first post to this site. My service was from September 1968 - October 1969 as one of the General Medical Officers. My locations were Ban Me Tout, Kontum, An Khe, Sui Doi and then was transferred to 8th Field Hospital in Nha Trang. I met many good soldiers while in Vietnam. The only one I have seen since my time there was Dr. Len Goddy who I visited in Louisville, Kentucky some years ago.

Sgt. Gabriel R.	Bustamante, Sr.	adsfromgabe@yahoo.com	<p>I am what everyone at the V.A. Hospital refers to as a Vietnam "ERA" Veteran, since I served from January of 1974 to March of 1980. I truly wanted to go... Wasn't my turn. I ended up injured during a field training exercise and just this year was medically Retired with 100% disability. I would have been so proud to have been there with those of you who went. God Bless!</p>

Russell	Williams	rawhide36@gmail.com	<p>Assigned to 3rd Brigade HQ CO, Helicopter Pilot for Col Garth and Staff.</p> <p>Was a part of the rescue mission on Mt St Helens which was the subject of a Readers Digest story a year later in July 67 - "The Courage of Carla Little"</p> <p>Went over on a Jeep Tender with all Div Aircraft landing in Cam Rahn Bay in Sept. The 3rd Brigade was sent to Camp Bearcat and we received the main body that came over on a Victory Ship.</p> <p>WO Dana Razz and I were the two Pilots there and Capts Priest and ??? came over with the main group.</p> <p>At the time, there was a policy of swapping half the Pilots in a unit to bring some experienced persons in. Since Mr Razz was the WO and I the JR Capt (promoted on the boat), we were transferred to the First Cav . I think Mr Razz went on to fly Chinooks, I went to A/1/9 and flew lifts briefly then guns. Wounded in flight in Mid Jan.</p> <p>Also had a good friend who had been my boss in the 59th Aviation in Korea. We were both sent to the 4th and he was assigned to a Maintenance unit. Maj James Butler if any one knows of his service.</p> <p>Saw him briefly the night I spent at Pleiku being out processed to the Cav.</p>
